

Railway Track Position & Gauge Measurement Trolley

Key Functions:	Benefits:	Applications:
- Track Position: Accurate measurement relative to fixed reference points - Super Elevation (Cant) : precise assessment of the track's transverse leveling - L & H Gauge Clearances: Verification of clearances relative to railway structure	- Fast & Accurate: Reliable measurements in a single pass - Reliable: Designed for demanding railway environments - Easy to Use: Ready-to-operate, no complex setup required - Safety: dead man's device compliant with standards	- Railway track maintenance and inspection - Monitoring of heavy mechanical tamping during construction works - Monitoring track alignment and geometry

General Information	
Product Name	LÉON
Manufacturer / Distributor	GEXIA RAIL / ALIX SMARTRACK Business Unit
Type	Manual railway measurement trolley
Operating temperature	-10°C / +40°C (14°F / 104°F)

Characteristics	
Weight	8 kg (ultra-light, easily carried by one person)
Dimensions (deployed L × H × W)	155 × 49 × 60 cm / 61.02 × 19.29 × 23.62 inches
Dimensions (folded)	90 × 49 × 60 cm / 35.43 × 19.29 × 23.62 inches
Structure	Powder-coated aluminum
Casing / Panels	ABS & PETG

Power Supply	
Battery	5V — 6400 mAh
Type	Built-in rechargeable battery

Measurement System & Performance		
Measurement Method	Laser / Military-grade Inclinometer	
Referencing	Track measurement relative to fixed reference points	
Parameter	Description	Tolerance
Track horizontal distance	Distance between the inner face of the rail and the reference point	±1 mm / ±0.0394 in
Level - Vertical Alignment	Deviation from the nominal track profile	±0.2 mm / ±0.00787 in
Cant - Superelevation	Difference in height between the two rails on curves	±0.5 mm / ±0.0197 in
Interface, Display & Connectivity		
Interface Type	Smartphone or tablet via dedicated app	
Data Display	Real-time measurement visualization on mobile app	
Connection Methods	Bluetooth	
Output Formats	Excel & PDF	
Ergonomics & Operation		
Assembly	Quick assembly without tools	
Structure	Foldable trolley for easy transport	
Push Handle	Integrated push cane with dead-man brake	
Transport	Lightweight, portable, carrying strap/belt	
Accessories & Options		
Laser / Distometer	✓ Included	
Transport Case / Support	Option
